GOALS FOR MY CHILDS CARE

People see Chiropractors for a variety of reasons. Some go for relief of pain, some to correct the cause of pain and others for correction of whatever is malfunctioning in their bodies. Your Doctor will weigh your needs and desires when recommending your treatment program. Please check the type of care desired so that we may be guided by your wishes whenever possible.

❑ **Relief care** – Symptomatic relief of pain or discomfort

❑ **Corrective care** – Correcting and relieving the cause of the problem as well as the symptoms

❑ **Comprehensive care** – Bring whatever is malfunctioning in the body to the highest state of health possible with Chiropractic care

❑ I want the Doctor to select the type of care appropriate for my condition.

TERMS OF ACCEPTANCE

When a patient seeks chiropractic care and we accept such a patient for care, it is essential for both to be working towards the same objective.
Chiropractic has only one goal. It is important that each patient understands both the objective and the method that will be able to obtain it. It will prevent any confusion or disappointment.

An adjustment is the specific application of forces to facilitate the body's correction of vertebral subluxation. Our chiropractic method of correction is by specific adjustments of the spine.

Health is a state of optimal physical, mental and social well being, not merely the absence of disease or infirmity.

Vertebral Subluxation is a misalignment of one or more of the joints of the body. This can cause pain or alteration of nerve function and interference of the transmission of nerve impulses, lessening the body's innate ability to maintain maximal health.

If during the course of a chiropractic spinal evaluation, we encounter non-chiropractic or unusual findings, we will advise you. If you desire advice, diagnosis or treatment for those findings, we will recommend that you seek the services of a health care provider who specializes in that area.

Regardless of what the disease is called, we do not offer to treat it. Nor do we offer advice regarding treatment prescribed by others. OUR ONLY PRACTICE OBJECTIVE is to eliminate a major interference to the expression of the body's innate wisdom. Our only method is specific adjusting to correct vertebral subluxations.

I, ______________________________________have read and fully understand the above statements.
(Print Name)

I understand the intent of Chiropractic care, based on the above, and consent to an examination, including X-rays if necessary.

FINANCIAL POLICY

We are committed to providing you with the best chiropractic care possible. We have established our financial policies to achieve this goal. You will be expected to pay for your chiropractic care at the time the service is rendered unless other arrangements are made in advance.

☑ Health Insurance: As your insurance policy is a contract between you and your insurance company, it is your responsibility for collection of these benefits. We will provide you with a monthly statement, or "Superbill", which contains all the information necessary for your insurance company to reimburse you. All you will need to do is mail it to your insurance company directly.

☑ Cash Patients: All fees are payable at the time services are rendered. There is no charge for a consultation in our office and all fees will be discussed with you before charges are incurred.

☑ Methods of Payment: For your convenience we accept Cash, Personal Checks or Credit Cards (Visa, MasterCard) for your initial visit. If a payment plan is chosen for future care, this is handled by auto collection through your Visa or MasterCard on file with our office. All electronic or paper checks returned as insufficient funds will incur a $20 returned check fee.

We make the payment process as simple and smooth as possible, so you will have an enjoyable visit in our office.

Should you require a copy of your X-rays, there is a $50 copy fee and we require 5 business days to complete your request.

I have read and understand the above policies.
